Operators :

C operators are one of the features in C which has symbols that can be used to perform mathematical, relational, conditional, or logical manipulations

Operator	Type
++, --	Unary Operator
+, -, *, /, %	Arithmetic operator
<, <=, >, >=, ==, !=	Relational operator
&&, ||, !	Logical operator
&, |, <<, >>, ~, ^	Bitwise operator
=, +=, -=, *=, /=, %=	Asignment operator
Con ? T : F	Turnery operator Or Condinal operator
